

**THE WOMACK ARMY MEDICAL CENTER-FORT BRAGG FORMULARY – Updated 8 February 2012 – Page 1 of 4**

The following is a list of the items that are routinely stocked at WAMC-Fort Bragg Pharmacies. Most prescriptions for maintenance medications can be written for 90 days with 3 refills, but that does not apply to all medications or controlled substances. The list is intended for use by health care providers. Items are listed primarily by generic name, unless in combination form. Use of a particular brand name does not indicate endorsement of a particular product or that the particular brand name is stocked. The list is not exhaustive and is subject to change. For more formulary information, please call the WAMC Department of Pharmacy at 910-907-7427 or see website <http://www.wamc.amedd.army.mil>

**A** - acetazolamide 250mg tab, 500mg cap  
 •acetaminophen 325mg tab; 120mg, 650mg rect supp •acetaminophen liq 80mg/0.8ml drops, 160mg/5ml susp •acetaminophen w/ codeine 300/30mg tab<sup>#C</sup>; 120-12mg/5ml elix 120ml<sup>#C</sup> •acetic acid otic 2% soln 60ml

**The Official “Do Not Use Abbreviations List” for Prescribers**

Abbreviation	Potential Problem(s)	Preferred Term(s)
<b>IU</b> (for international units)	Mistaken as IV (intravenous) or 10 (ten)	Write ‘international units’ or only ‘units’
<b>MS, MSO<sub>4</sub>, MgSO<sub>4</sub></b>	Mistaken for each other; can mean morphine sulfate or magnesium sulfate	Write ‘morphine sulfate’ or ‘magnesium sulfate’
<b>Q.D., QD, q.d., qd</b> (for once daily),	Mistaken for each other; the periods or O can be mistaken for an ‘i’	Write ‘daily’
<b>Q.O.D., QOD, q.o.d., qod</b> (for once every other day)	Mistaken for each other; the periods or O can be mistaken for an ‘i’	Write ‘every other day’
<b>U, u</b> (for unit)	Mistaken for zero, four, or cc	Write ‘unit’
Trailing zero (x.0 mg)	Decimal point is missed	Avoid writing a zero by itself after a decimal point (x mg)
Lack of a leading zero (.x mg)	Decimal point is missed	Always use a zero before a decimal point (0.x mg)

It is unacceptable for prescribers to use any of the above abbreviations when writing or typing prescriptions.

Ambiguous orders with these abbreviations will require clarification or verification with the prescriber.
